# OUR CHAIRMAN

Mr Rajeshwar Mishra, a Metallurgist from BITS and AMP graduate from Harvard Business School (USA) is a globally reckoned name in the field of management having over 40 years of professional experience of which over 18 years as CEO of Indian companies and MNC in China. He has in-depth insights into the subject through several management development programmes (MDP) at IIMA, IIFT, TMTC, NITIE. He had been regular to Harbinson-Walker, USA after his initial trainings in refractories research and technical services in early 70's. Mr Mishra's successful career is marked by rich experience of over 40 years in the field of refractories and steel with industry giants like Tata and JV of Arcellor-mittal in China. Today, he is a respected panelist on international business and economic forums on Indo-Sino business.

*"MHL has come a long way from where it was a few years back. Our strength of delivering a basket of products from China with added advantage of just on time delivery, competitive price and quality services have made us a respected company with trust. We have immense potential to expand and that confidence comes from the trust we have acquired from our present customers. We operate with partnership approach - and bring 'peace of mind' to our customers."*

He was the chairman of various committees of Indian Refractory makers Association and has the distinction of leading the international business delegations., till he shifted to China as CEO of the JV. Mr Mishra got the patent for High Alumina Roof Lining for EAF in 1975, a rare achievement then.

He is an expert on Indo-China business and culture. He has the passion to promote Indo-China Business/ Trade and has been a face to help several Indian Industry Giants to put up JV in China. He was an active member of the group when Indian Prime Minister, Mr A.B. Bajpai visited China in 2003 and also when Chinese Prime Minister, Mr Wen Jaibao visited India in 2005.

He has the distinction of being a panelist on CCTV dialogue along with CCPIT Chief and also on CNBC, besides World Economic Forum in 2004. Recently he was a Panelist in Global Bihar meet.

Mr Mishra is an expert in globalization and leadership. He developed a Globalization model in the refractories in 80's and navigated the company to be a Global Brand in its field.

A staunch believer of Ethics and Values Corporate Governance, he advocates for transparency in true spirit.

He is an active member of several association and societies, prominent amongst them are – AIST (USA), IIM, IIC, American Ceramic Society, Indian Institute of Marketing Management, All India Management Association (AIMA).

A charitable trust christened after him, namely 'Rajeshwar Mishra Charitable Trust' is dedicated towards philanthropic jobs. He has been felicitated with several awards and recognitions.

Dear Sir/ Madam,

**Re: Performance of RDI/ RI & Softening & Melting Testing Apparatus**

We have procured two set of RDI/RI testing Apparatus and One Softening & Melting Apparatus from you in 2016.The Equipments are in continuous use for testing the quality of raw materials fed to our Blast Furnace and the performance of the equipments is satisfactory.

We are happy to mention that these equipments are fully automatic and operated through PC. takes very less place and the operation of these apparatus is much easier and safe.

Equipments are more or less maintenance free & without much breakdowns. If we could carry out the Maintenance as prescribed by you the equipments runs smoothly and breakdown free.

Further we thank for your prompt support provided to us as and when required

Thanks & Regards
